- For a team bowling second, 6 runs will be awarded to the batting team for every 5 minutes of delay caused by them
- For a batting team, 6 runs will be deducted from their total for every 5 minutes of delay caused by them

Point System

Winning team will be awarded 2 points. In the event of a washout without the minimum overs being bowled, both the participating teams will be awarded 1 point each. If a team gets disqualified for a game, their opponent team gets awarded 2 points.

The League point table is sorted by Points and then NRR (up to 3 decimal places). In case the NRR (up to 3 decimal places) for two teams is exactly the same the head to head record will be examined. In the event the head to head record matches as well, the entire NRR value will be used (without the restriction on 3 decimal values) to determine the qualifying team.

More details on the point system and NRR calculation can be found at the link below.
